

Press release

First Bank will cash checks issued by the US Treasury

Bucharest, June 17th 2021 First Bank announces that, starting this month, it will diversify the check collection service for checks issued by the US Treasury.

First Bank was the first financial institution in Romania that, starting with July 2020, offered the check collection service for checks distributed by the American government as financial assistance to counteract the economic impact caused by the pandemic.

Now, First Bank extends the service to all types of checks issued by the US Treasury regardless of the purpose of issuance (eg: refund of taxes, pensions, economic impact, etc.).

Holders of checks issued by the US Treasury have the possibility to cash them in any First Bank branch, by opening an USD account.

First Bank offers check holders preferential current account conditions: the My Liber USA EU Passport package, free of charge for the first 6 months. It includes a current account in RON, a current account in foreign currency (EUR or USD), Visa Platinum debit card in RON, SMS Alert and internet banking.

The service is addressed to all check holders, regardless of citizenship. More information about cashing checks issued by the US Treasury can be obtained at any First Bank office.
